SUTTON STREET OPENED

On account of the demand of the merchants and business men on Sutton street, that street was opened to the public Friday afternoon. Heavy trucks and two horse wagons are prohibited from using the street. The move is a wise one as the business men have suffered a great deal since the street has been closed. Officer Throckmorton, who has been stationed on Sutton street sixteen hours a day for the past few weeks was transferred to Limestone street where traffic is very heavy.

AMERICAN TROOPS

On Mexico Border Held Under Arms—Action Follows Posting of Notices in Juarez in Regard to Repelling of Invasion—Reply to Carranza Note is Completed.

El Paso, Texas, June 16—All American troops stationed in El Paso and the environs were ordered to quarters tonight to be held under arms until further notice. The orders followed reports to military headquarters that placards printed in Spanish had been posted in Juarez instructing citizens to gather at designated points daily to receive military instruction that they may be prepared to repel possible invasion. The note was signed by Jesus Waldo, a private citizen, who said he wished his people to be prepared in the event of a break with United States.

A statement issued today by Mayor Tom Lea after an investigation into the recent firing of shots at two municipal officers of El Paso from the Mexican side, said that if any further shots are fired at policemen for officials they would be returned.

As a further precaution street car traffic from El Paso to Juarez was stopped tonight.

Gavira Execution Denied
Rumors that General Gabriel Gavira had been executed at Mexico City for high treason in connection with his recent conference with General Pershing were denied at military headquarters at Juarez today.

Captain Alberto Gavira, son of General Gavira, who was summoned to the capital to confer with the Minister of War, arrived in Juarez today from Mexico City and said his father had not yet reached the federal district and that he still was in the favor of governmental officials.

Dispatches from Chihuahua City that General Trevine had informed General Pershing that any movements of his command other than in a northerly direction would be construed as a hostile act, aroused no apprehension among army officials here tonight. It was asserted that the expeditious command is amply prepared to take care of itself in any eventuality.

Americans Kill Bandits
Brownsville, Texas, June 16—United States troops came upon a band of between twenty-five and thirty Mexican bandits about ten miles east of San Benito, Texas, late tonight and after exchanging a few shots the Mexicans scattered.

It is reported three Mexicans were killed. So far as is known there were no American casualties.
The troops engaged came from San Benito. Two companies of the Twenty-sixth Infantry were immediately dispatched in autos from Herlington, Tex., to Omiton, ten miles north of Brownsville, in an effort to cut off the bandits who at midnight were headed for the Rio Grande.

Wilson Completes Reply
Washington, June 16 — President Wilson today virtually completed his reply to the Carranza note, while its substance was being written into the Democratic platform at St. Louis. The reply itself may not be dispatched for several days, but administration officials indicated that General Carranza had only to read the party's Mexican plank to learn in advance what the American note would say.

The plank, framed in a large measure by the President himself, is taken as confirmation that renewed border raids and the anti-American demonstrations in Mexico have not altered Mr. Wilson's determination that intervention will come only if it is forced by the acts of General Carranza or through his failure to exercise control over his army or people. The plank declaration that intervention is revolting to American minds is known to be the President's fixed view, but the plain intimation that it would not be shirked as a last resort may also officials think, serve as a warning to the Mexican government.

THE CLUBBING CUBLETS

(Portsmouth Times)
The Burley Cubs have piled 31 hits in two games here, which is a very near league record in the local park. And mind you these ferocious and untamed Cublets banged out 16 hits in their last game at Frankfort, making a total of 47 hits in three successive games. Can you beat it?

LET IT PASS

Be not swift to take offense
Let it pass.
Anger is a foe to sense
Let it pass.
Brood not darkly o'er a wrong
Which will disappear ere long
Rather sing this cheery song
Let it pass.

Strife corrodes the purest mind
Let it pass.
As the unregarded wind
Let it pass.
Any vulgar souls that live
May condemn without reprieve
'Tis the noble who forgive
Let it pass.

Echo not an angry word
Let it pass.
Think how often you have erred
Let it pass.
Since our joys have passed away
Like the dew drops on the spray
Then, why should our sorrows stay
Let it pass.

Bid your anger to depart
Let it pass.
Lay these kindly words to heart
Let it pass.
Follow not the giddy throng
Better be wronged than do wrong
Therefore sing the cheery song
Let it pass.
